

# Less is more. Community.

We would like to invite you to our **GINtastic Happy Hour** at the IAA Transportation 2022, Hannover.

**Wednesday, 21<sup>th</sup> September 2022, 5.00 PM**

At our booth „Lightweighting Technology from Baden-Württemberg“ in **hall 13, booth A30**, we will offer you the opportunity to learn more about companies from Baden-Württemberg (Germany) and meet the probably largest lightweight network in the world in a relaxed atmosphere.

Seize the chance to meet interesting people and potential customers while socializing over snacks and local Gin from Baden-Württemberg.

We are looking forward to seeing you!
